JULY 2022

WHEN YOU ARE IN CHARGE

Welcome to the new frontline of warning lights. This is the Cruise Light series. Products where you are in charge. Always ready to make your passion visible and to become one with the Cruise Light amber flow.

COVERS ALL NEEDS

The beacon warning lights contain 11 different models in three colors: dark tinted, amber, and clear lens. The series is unique in its area of usage and can be used together or separately on all types of commercial vehicles.

E-APPROVED AND 3-YEAR FUNCTION WARRANTY

All models are fully E-approved, and the entire series comes with a unique 3-year function warranty to make you even safer.

3 DIFFERENT MOUNTING OPTIONS

The series comes in a smooth design, made to fit all types of commercial vehicles. Supplied with 3 different mounting options - surface mounting, DIN/pole mounting, and magnet/cig-plug.

CRUISE LIGHT EFFECT

Increase your visibility and get an appealing styling effect with up to 12 different warning light patterns - where Cruise Light is one of them.
